10 years of experience

Elona lives in the New York metro area and has been with EY for 10 years serving in different roles. For the first 7 years Elona worked in the US East Business Consulting Services – Technology Risk practice performing external IT audits for a variety of clients in Telecommunications, Media & Entertainment, and Technology industries. Experience includes IT general control testing, application control testing, and 3rd party reporting control testing. Elona has been responsible for coordinating audit timeline, reviewing work papers, and providing timely feedback to teams to improve audit efficiency and quality. She managed engagement economics and resource scheduling.

Elona led IT risk management and integrated business process/information technology control procedures for a variety of clients. She managed multiple client engagement teams at an executive level within the practice and coordinated with clients regarding audit scope and strategy.

From March 2020 through June 2021 Elona was part of the Other Consulting group in Core Business Services and served in the Experience Manager role for Technology Risk Tri-State professionals in the US East Business Consulting Service Line.

From June 2021 Elona is part of the Global Internal Audit, Risk Management group in Core Business Services.

Elona is a Certified Information Systems Auditor and has master's degrees in Finance and Business Administration.

She always had a passion for volunteer work and giving back to the Albanian community in any way she could. Elona created the first Albanian professional network within EY New York City which has now grown with other professionals from different sectors of New York City's corporate world.

In her free time Elona enjoys spending time with her family, reading, and traveling.
